

FIRST CLASS PROGRAM

Building a first class program takes the support of a local community. We feel that Loganville businesses have always shown great support of our Athletics. The Loganville Basketball Program aims to recognize its sponsors in every possible way. In exchange for recognition, the boy's and girl's basketball programs will need to complete the following projects to help continue to operate as a first class program.

Capital Projects

- New Practice Jerseys and Shooting shirts
- Video Equipment for filming of games
- Concession stand furnishings to generate other revenues
- Gym maintenance and renovations

Loganville High School

As we get ready to start the 2011-2012 basketball season Loganville High School will continue to need to lean on the parents and the community for support in the areas of time, money, and resources.

Community Support from business have been unbelievable. However, the acquisition of monetary funds will be essential to meeting some other needs as well in the area of uniforms, equipment, basketballs, and other resources to keep our basketball program running smoothly and efficiently. With all this being said, we, as a coaching staff implore you to consider joining in our capital campaign which helps allow our student-athletes be part of something special.

John Zorn - Lady Devils Coach
